Maximising clients' business continuity

Property Performance is designed to maximise clients' business continuity, by delivering broad market leading coverages, outstanding claims support and world class loss prevention engineering services.

Optimised Business Interruption

After a loss, the client's Business Interruption claim is calculated on a Gross Profits basis and on a Gross Earnings basis, and the client will benefit from the greater of the two calculations.

Broad Comprehensive Coverage

Property Performance has been designed to provide comprehensive coverage in response to our clients needs. Full value repair and replacement is given, with no average condition.

A suite of extensions to cover are offered with appropriate sub limits to reduce any potential gaps in coverage – examples include:

- Full Theft
- Cyber
- Pollution and Contamination
- Upgrade to Green
- Accounts Receivable
- Brands and Labels
- Fine Arts
- Installation Coverage
- Transit
- Professional Fees
- Contingent Business Interruption
- Crisis Management

Loss Prevention Engineering

Property Performance opens the door to AIG's world class loss prevention engineering - helping to minimise loss potential from their businesses, benchmarking against competitors to drive risk improvements and improving contingency and catastrophe planning anywhere in the world.

100% AIG

Our 100% solution gives clients the benefit of having a single policy to meet all of their property needs.

Claims Promise

For large losses, we will advance the client 50% of the agreed property damage and extra expense loss once coverage has been confirmed and the estimate for damage has been agreed. This can be vital to protect business continuity after a large loss when cash flow is critical.
