

Update to the Improved Mobile App Available Now!

AIG Travel Assistance app includes new features and improved performance

With increasing travel security and health risks, navigating the world of international travel requires a new level of sophistication in order to stay safe and secure. With the improved AIG Travel Assistance mobile app*, available for Apple and Android devices, travellers have new features to help ensure effective travel risk management. Whether it's prior to travel, during the trip, or after the return home, our secure, member-only assistance app provides travellers with convenient access to in-depth travel, security and health information 24/7/365.

 **One Touch 'Help' Button** connects travellers directly to emergency travel assistance.

 **Assistance ID Card** can be accessed via the app in the event the physical card is forgotten or lost.

 **Country Reports** provide key information on political conditions, security issues, travel logistics, cultural factors, contact details and health advisories with the ability to mark reports as favourites.

 **Security Travel Alerts** contain security level developments that may affect your travel destination(s) (subscribed travel alerts will be sent to the registered user's email address).

 **Provider Directory** contains contact information for healthcare providers around the world with a map view and ability to turn on GPS and locate providers nearby. Members have the option to rate and share comments about the medical provider (feedback will not be made public and will only be shared with AIG Travel).

 **Medical Translations Tool** translates medical terms and phrases into multiple languages.

 **Drug Brand Equivalency Tool** generates drug brand names and their equivalent names for multiple countries.

 **Security Awareness Training** online travel safety videos and knowledge tests provide basic tools and information to be an aware, organised and prepared traveller and you can receive a certificate of completion via email.

You must be a registered user to access to the mobile app. If you are a registered user of the travel assistance website, the same username and password will apply. See the following page for new user registration instructions.

[Contact your agent, broker or AIG representative to learn more.](#)

* Mobile app is only available on smart phone – not tablet. Mobile app availability and features vary by policyholder access. Must be connected to Wi-Fi or cellular network.
