

February 2023

Panel Vendors

Our panel vendors and suppliers have been selected for their quality workmanship and customer service. Please contact AIG as soon as you become aware of a loss and we will instruct the relevant company from the list below.

For water extraction and make-safe works where response time is critical to mitigate loss, AIG recommends using our panel vendors where possible. Insureds may also use an AIG panel vendor as needed outside of a valid claim, at their cost.

Note

This document is updated quarterly, please make sure you are using the most recent version.
